

# 2022 V4A Virtual Conference

## *Creating Age Positive Workplaces*

September 16, 2022

1:00 p.m. to 4:30 p.m.

Cost: \$59

Learn from local experts on best practices for hiring and supporting older workers. We'll have a panel discussion on current labor-economic data, workforce, and economic development policies, and understanding barriers to mature workers entering or re-entering the job market.

### Keynote Speaker

Betsy Bishop is the President of the Vermont Chamber of Commerce, the largest statewide business organization in Vermont. During her tenure she has transformed the organization to focus on policy advocacy to ensure a strong economy for our people, our communities, and our businesses. She is also the founder of the Vermont Futures Project, a research and education foundation providing data-based recommendations to secure a robust economic future for Vermont. She has a passion for the ideas that spark new endeavors and sustain mature businesses, all while providing opportunity for Vermont and her people.
